

EXAMREADER

Declaration of Conformity

CE

Virrata AB hereby declares that the product ExamReader (C610E) complies with requirements of Electromagnetic Compatibility Directive 2014/30/EU and CE Marking directive 93/68/EEC.

Warning - any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC

This equipment has been certified to comply with the limits for a Subpart B digital device under Part 15 of FCC Rules. This peripheral may only be attached to a computer certified to comply with the Class B limits. Operation with a non-certified computer is likely to result in interference to radio and TV reception. Any changes or modifications to this equipment not expressly approved by the manufacturer could void the user's authority to operate this equipment.

BIS compliance declaration

This equipment is compliant with IS13252 (PART 1) / IEC 60950-1 under the license R-41187356.

RoHS Declaration

Based on information provided by our suppliers these products meet the requirements of RoHS Directive 2015/863/EU. The maximum concentration value of the prohibited six substances of “RoHS Directive” do not exceed the following:

- Cadmium and its compounds: 0.01% (100 ppm) by weight in homogeneous materials.
- Lead and its compounds, Mercury and its compounds, Hexavalent chromium and its compounds, Poly Brominated biphenyls (PBB), Poly Brominated diphenyl ethers (PBDE): 0.1% (1000 ppm) by weight in homogeneous materials.

WEEE Notice

The Directive on Waste Electrical and Electronic Equipment (WEEE) which entered into force as European law on 13th February 2003 resulted in a major change in the treatment of electrical equipment at end-of-life. The purpose of this Directive is a first priority the prevention of WEEE and in addition to promote the reuse recycling

and other forms of recovery of such wastes so as to reduce disposal. The WEEE logo on the product or on its box indicates that this product must not be disposed of or dumped with your other household waste. You are liable to dispose of all your electronic or electrical waste equipment by relocating over to the specified collection point for recycling of such hazardous waste. Isolated collection and proper recovery of your electronic and electrical waste equipment at the time of disposal will allow us to help conserving nature resources. Moreover, proper recycling of the electronic and electrical waste equipment will ensure the safety of human health and environment. For more information about electronic and electrical waste equipment disposal recovery and collection points please contact your local city center household waste disposal service shop from where you purchased the equipment or manufacturer of the equipment.
